

Lecture Series on Advancements in Geotechnical Engineering *From Research to Practice*

Lecture 2: Geophysics for Geotechnical Engineers

PROF. J. CARLOS SANTAMARINA

Professor,
Energy Resources and Petroleum Engineering
Associate Director,
Ali I. Al-Naimi Petroleum Engineering Research Center
King Abdullah University of Science and Technology,
Saudi Arabia

W: <https://egel.kaust.edu.sa>

Topic: Geophysical Properties of soil

June 25, 2020

15:00 to 16:00 (AEST)

**DR. ANDREAS A.
PFAFFHUBER**

CEO
EMerald Geomodelling,
Norway

W: <https://emeraldgeo.com/en>

**MR. CRAIG W.
CHRISTENSEN**

VP (Technology)
EMerald Geomodelling,
Norway

**Topic: Airborne geoscanning: combining
artificial intelligence and airborne
geophysics for more efficient site
investigation**

June 25, 2020

16:30 to 17:30 (AEST)

Registration: <https://www.age-rp.com>
