

10th International Conference on Advances in Experimental Mechanics

✓ **Where?**

Heriot-Watt University, Edinburgh, Scotland, UK

✓ **When?**

1st -3rd of September 2015

✓ **What?**

*Session organised by the **EURASEM**
Technical Committee on
Rock and Soil Mechanics*

Geomaterials: State-of-the-art in Experimental Mechanics

rocks

aggregates

soils

concrete

some
building
materials

objective: recent developments & advances in **testing** of **Geomaterials**

- Interested authors should submit papers (**max 2 page extended abstract**) by **January 15th 2015** to our session on **Geomaterials**. Papers could be considered either for oral presentations or poster presentations.
- To better track the submissions for this session, please, forward a copy of your abstract to **Dr Elli-Maria Charalampidou**; Elma.Charalampidou@pet.hw.ac.uk
